## THE HAUNTED SCHOOL

Last night we were sleeping in Tamas's house. It was 1 o'clock in the morning. We forgot our school bags so we couldn't do our homework. We sneaked out the bedroom window and ran as fast as we could to Sligo School Project.

When we got there, we were surprised to see that the front door was open. We walked inside. All of the lights were off. It was a bit creepy. We headed for Deirdre's classroom because that's where our bags were. Someone was sitting at Deirdre's desk. We knocked on the door and Deirdre turned around. She was very surprised to see us.

We were surprised to see her too. We told her that we wanted to get our bags and she said that was fine.

When Tamas lifted his bag, it was hard to lift.

"My bag is very heavy," he said, "There must be something in the bag."

He opened the bag and there inside were 3 mini hand guns! He showed them to us. We didn't know what to think. We decided to go home and take the guns with us.

Just as we were walking out the door, zombies attacked the school. There were loads of them and they were all coming towards us. We were frozen with fear.

Tamas had an idea.

"What about the hand guns?" he said.

He gave us a hand gun each and we killed the zombies by shooting them in the head. We ran back inside the school to tell Deirdre what had happened. Tamas was running and he tripped over a cool chest. He called us back.

"Look what I found," he cried.

Inside the chest were three mini guns, two iPhone 6's and one iPhone 4.

So we all took all of the stuff and ran into the staff room. More zombies were having a cup of tea! We killed all of them with our weapons.

Tamas went over and took their tea because he didn't have tea in the morning. He drank the cup of tea and ran outside and went straight home. We followed him. What a night! Deirdre was still in the classroom, well we think she was. I wonder will she be at school tomorrow.

THE END.....
